Creation of Validation Organization Structure FI&MM App

Step 1: Create a Group

1. Open Fiori Designer and click on "Groups" Tab (highlighted grey) which is located at the top left corner of the window.

2. To create a new group, click on the button with a circle and a plus sign in it, which is located at the bottom left of the window.
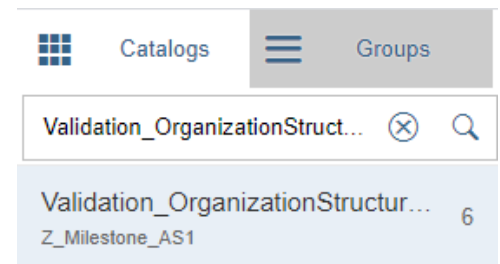

3. A "Create Group" box would pop up where you fill the group title and group ID. In this example we would fill

       Title: Validation_OrganizationStructure_FI&MM
   ID: Z_Milestone_AS1

And click on "Save" to save the new group created.
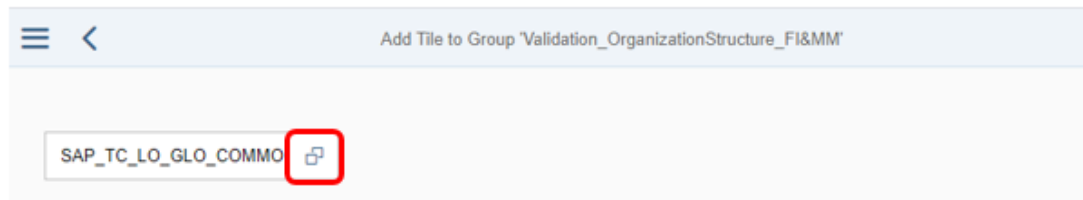

Step 2: Initialize Group

1. To add tiles to the newly created group, search for group in the search bar located just below the Catalogs/Groups tab on the top left corner of the window.
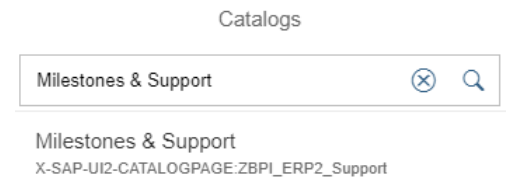

2. Click on the group. A box with the plus sign would appear on the screen. Clicking on the box would take us to another screen.
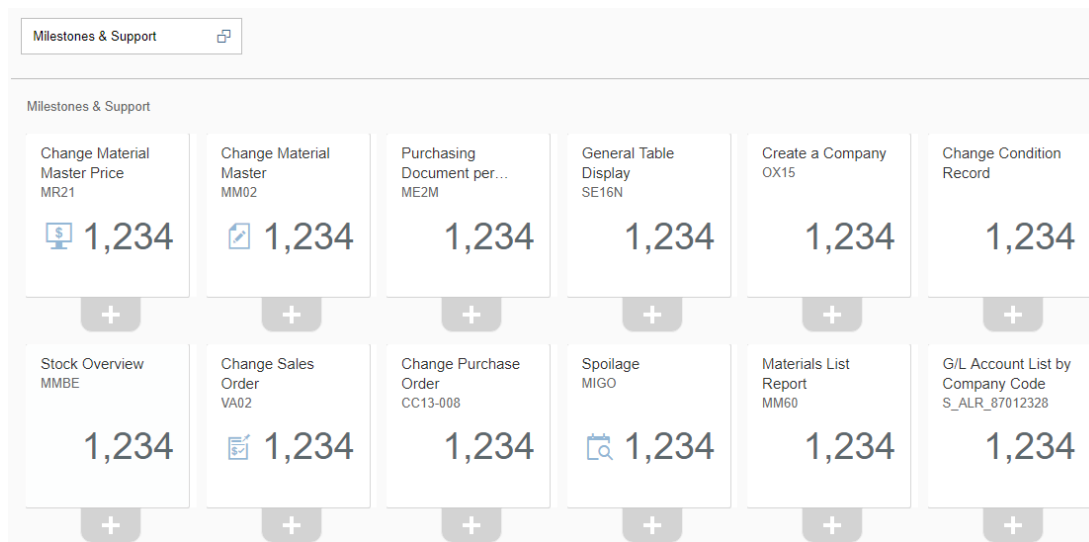

3. In this example the title of the screen would be "Add Tile to Group 'Validation_OrganizationStructure_FI&MM'". Click on the "Search" button which has been highlighted in a red box.

4. There would be a pop-up titled "Catalogs" from where you can search for any catalog you wish. In this example we are going to search for "Milestones & Support" which is a pre-configured catalog.

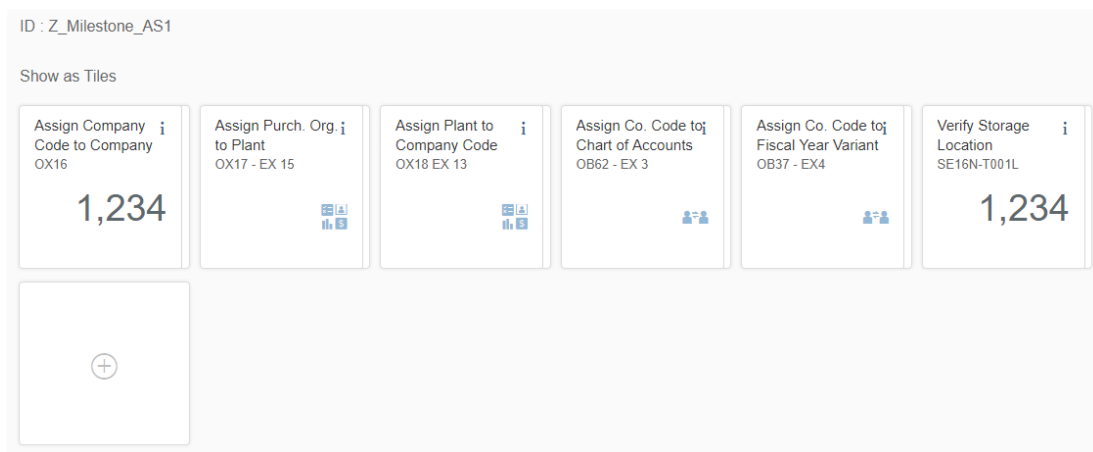

5. Clicking on the "Milestones & Support" would take us to a screen that has all the tiles contained in this catalog.

6. To add a tile to the group we created, click on the button with the plus under the tile. In this example "Assign Company Code to Company" and "Verify Storage Location" tiles are added.

7. For this example, we are going to add tiles from another pre-configured catalog named "BPI-Configuration for Purchasing". Repeat steps 4 and 5. Add tiles "Assign Co. Code to Chart of Accounts", "Assign Co. Code to Fiscal Year Variant", "Assign plant to Company Code" and "Assign Purchase Organization to Plant".

8. Click on the "back" button [<] on the top left corner. Now you would be able to see all the tiles added to your group. You can drag and drop tiles into the sequence you want them to appear on Fiori Launchpad.

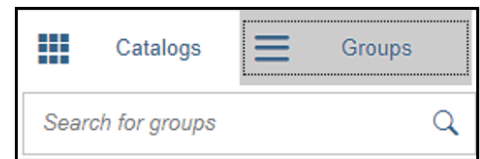

9. The new group has also been added to your Fiori Launchpad. You can now refresh your launchpad and see the new group and tiles.

Creation of Validation Master Data FI&MM App

Step 1: Create a Group

1. Open Fiori Designer and click on "Groups" Tab (highlighted grey) which is located at the top left corner of the window.

2. To create a new group, click on the button with a circle and a plus sign in it, which is located at the bottom left of the window.

3. A "Create Group" box would pop up where you fill the group title and group ID. In this example we would fill
        Title: Validation_MasterData_FI&MM
   ID: Z_Milestone_AS2

And click on "Save" to save the new group created.
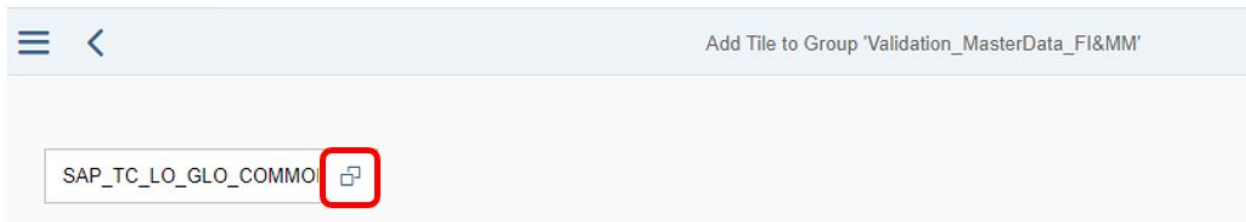

Step 2: Initialize Group

1. To add tiles to the newly created group, search for group in the search bar located just below the Catalogs/Groups tab on the top left corner of the window.

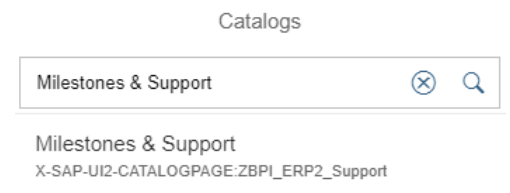

2. Click on the group. A box with the plus sign would appear on the screen. Clicking on the box would take us to another screen.
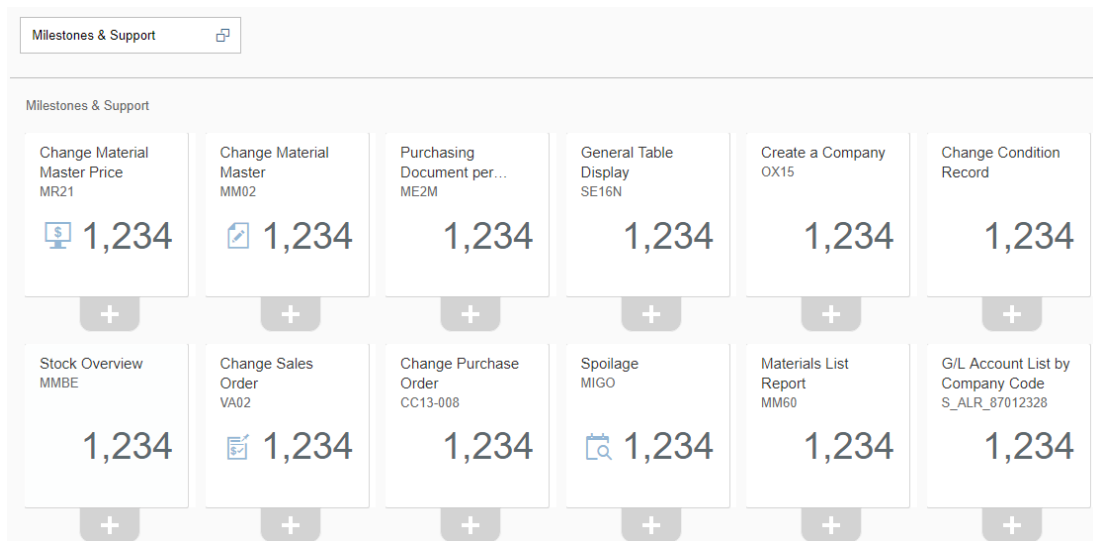

3. In this example the title of the screen would be "Add Tile to Group 'Validation_MasterData_FI&MM'". Click on the "Search" button which has been highlighted in a red box.

4. There would be a pop-up titled "Catalogs" from where you can search for any catalog you wish. In this example we are going to search for "Milestones & Support" which is a pre-configured catalog.

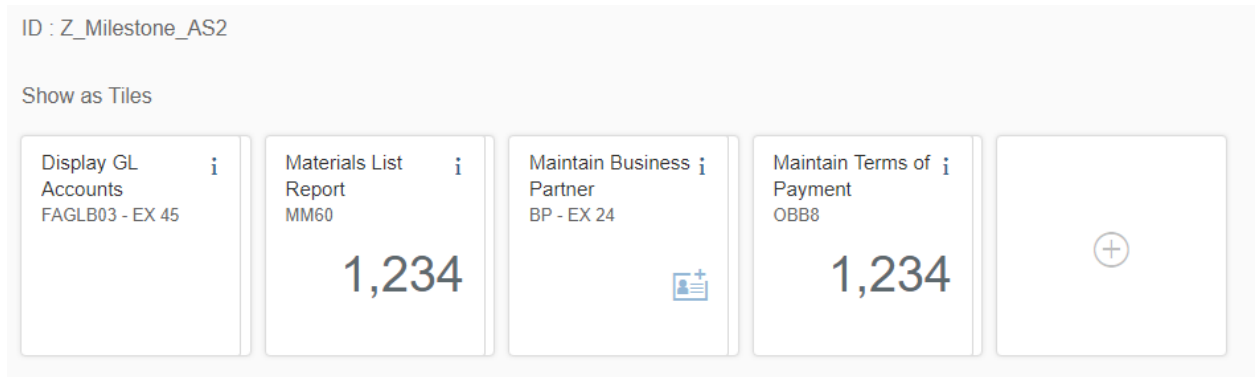

5. Clicking on the "Milestones & Support" would take us to a screen that has all the tiles contained in this catalog.

6. To add a tile to the group we created, click on the button with the plus under the tile. In this example "Materials List Report" and "Maintain Terms of Payment" tiles are added.

7. For this example, we are going to add tiles from another pre-configured catalog named "BPI-Configuration for Purchasing". Repeat steps 4 and 5. Add tiles "Maintain Business Partner" and "Display GL Accounts".

8. Click on the "back" button ⟨ on the top left corner. Now you would be able to see all the tiles added to your group. You can drag and drop tiles into the sequence you want them to appear on the Fiori Launchpad.

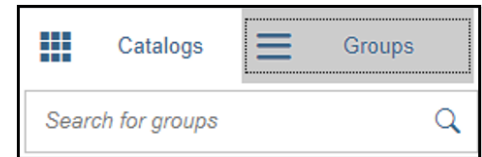

9. The new group has also been added to your Fiori Launchpad. You can now refresh your launchpad and see the new group and tiles.

Creation of Validation Purchase Process FI&MM App

Step 1: Create a Group

1. Open Fiori Designer and click on "Groups" Tab (highlighted grey) which is located at the top left corner of the window.

2. To create a new group, click on the button with a circle and a plus sign in it, which is located at the bottom left of the window.

3. A "Create Group" box would pop up where you fill the group title and group ID. In this example we would fill
   Title: Validation_PurchaseProcess_FI&MM
   ID: Z_Milestone_AS3

   And click on "Save" to save the new group created.

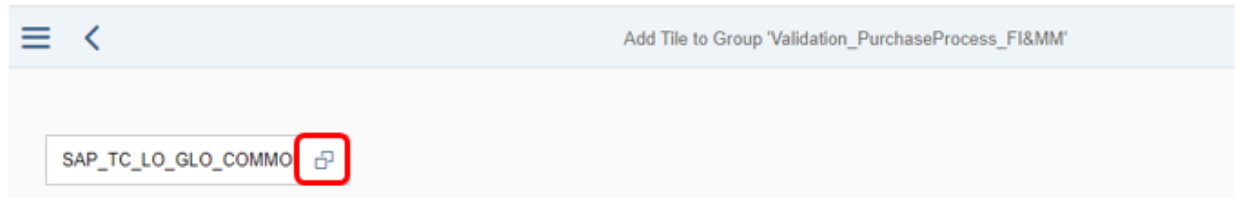

Step 2: Initialize Group

1. To add tiles to the newly created group, search for group in the search bar located just below the Catalogs/Groups tab on the top left corner of the window.

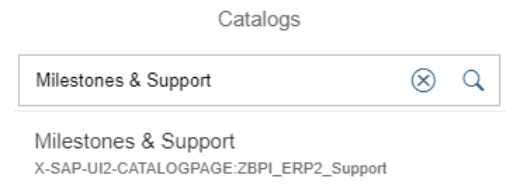

2. Click on the group. A box with the plus sign would appear on the screen. Clicking on the box would take us to another screen.
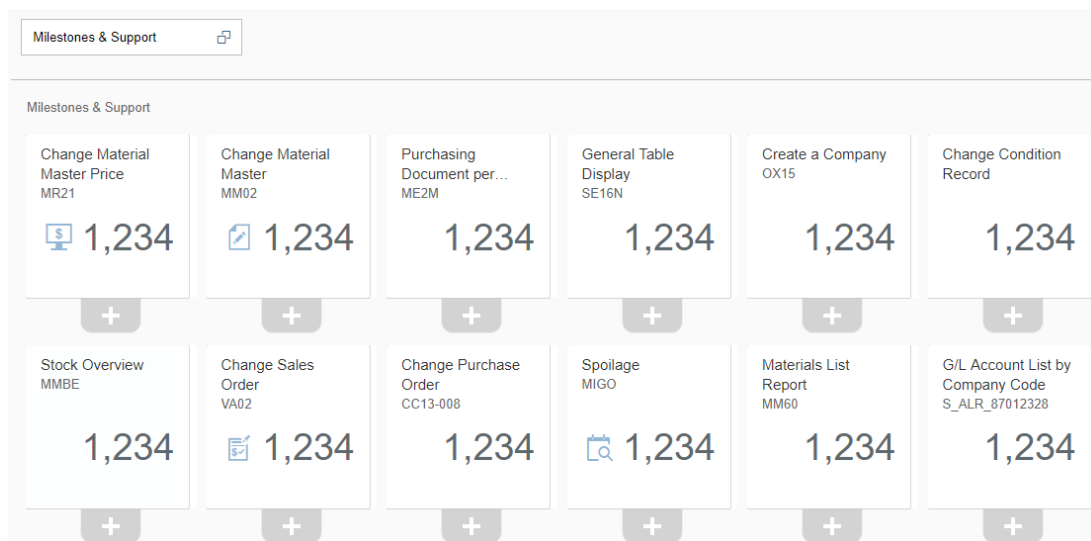

3. In this example the title of the screen would be "Add Tile to Group 'Validation_PurchaseProcess_FI&MM'". Click on the "Search" button which has been highlighted in a red box.

4. There would be a pop-up titled "Catalogs" from where you can search for any catalog you wish. In this example we are going to search for "Milestones & Support" which is a pre-configured catalog.

5. Clicking on the "Milestones & Support" would take us to a screen that has all the tiles contained in this catalog.
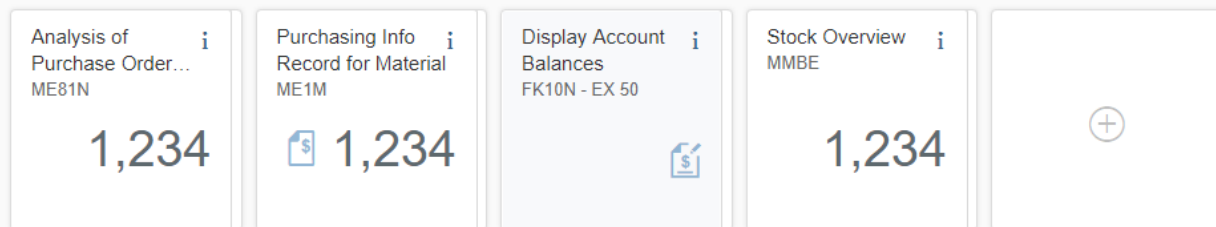

6. To add a tile to the group we created, click on the button with the plus under the tile. In this example "Stock Overview", "Analysis of Purchase Order" and "Purchasing Info Record for Material" tiles are added.

7. For this example, we are going to add a tile from another pre-configured catalog named "BPI-Configuration for Purchasing". Repeat steps 4 and 5. Add tile "Display Account Balances".

8. Click on the "back" button ‹ on the top left corner. Now you would be able to see all the tiles added to your group. You can drag and drop tiles into the sequence you want them to appear on Fiori Launchpad.

9. The new group has also been added to your Fiori Launchpad. You can now refresh your launchpad and see the group and tiles.
